BY REVIEW LEASED WIRE

NEW YORK, Sept. 14.—To find a parallel for today's unrestrained speculation it is necessary to hark back to the wild markets of the summer and autumn of 1915 when war shares and kindred issues were leading the list to dizzy heights. Today's operations in which trading reached shares, was the eighth consecutive session to run well over the million mark. It was a session also of many new records, United States Steel at 107; Republic Steel at 69; Marine common at 50; Atlantic Gulf and West Indies common and preferred at 55 and 69; and other more prominent metal issues being elevated to new levels.

Pittsburgh Steel made an extreme gain of 25 at 580. General Motors to 750, an overnight gain of 53 points and representing an advance this week of 176 points. The "war brides" were far under their records of 1915. The percentage of profit taking was decided at the outset, but every setback or reversal was followed by a fresh rise.

In the final hour, however, it became evident supplies of stocks were exceeding the demand and prices faded away. Minor shipping issues, papers and motor accessories manifested weakness. The bond market was negligible, diversified. Total sales, par value \$2,965,000.

U. S. coupon 4's declined 1/2 per cent on call.

CHICAGO GRAIN.

CHICAGO, Sept. 14.—Depression seized the wheat market late today after an early display of strength. The down turn, which in place went to seven cents a bushel kept with top prices of the day, was accompanied by assertions that Argentine wheat was being ordered in Europe against the United States domestic wheat, and many unconfirmed rumors that Sweden had decided to go to war provided against the bulls, but prices close with December 1.48 1/2 to 1.49 1/2, an May at 1.49 to 1.49 1/2. Corn lost 1/2 to 1/2 an oats 1/2 to 1/2. In provisions the outcome ranged from five cents decline to a rise of 42c.

Gains of five to five and a half cents a bushel in oats were recorded. Previous to a late setback in wheat prices, the market had been tening upward the greater part of the day, the Greek government had purchased in the United States 1,000,000 bushels of wheat and 600,000 barrels of flour. Corn fell when wheat went weak. Oats swayed with corn and wheat.

Provisions bulged on account of reports of big purchasing for Belgian relief.

BOSTON, Sept. 14.—The local market is slowly developing strength and the public is beginning to take an interest in the copper, with the high price of metal, and enormous earnings there should be a sound foundation for a big rise in them. There was quite a little reaction in the market the last part of the session showing profit taking and this should be good place to buy the copper.

The general list has had a very rapid rise and this little setback was needed. Buy stocks for we are in a great bull market. Copper 28 to 28 1/2.
